To Whom It May Concern:

Greetings! This letter is to express my interest in your posting on Equilend.com for an experienced Software Developer. With a bachelor's degree in Technology Systems Management, in which I completed a concentration in Computer Science, a minor in Technology and Engineering Entrepreneurship, and experience utilizing front end frameworks/technologies, I am confident I will be a fantastic asset to your organization.

I appreciate being challenged and engaging with ventures that require me to work beyond my comfort and knowledge set, as continuing to learn new languages and development techniques are important to me and the success of your organization.

Your listed requirements closely match my background and skills. A few I would like to highlight that would enable me to contribute to your bottom line are:

- Highly skilled in designing, testing, and developing software
- Thorough understanding of data structures and algorithms
- Knowledgeable of back-end development best practices
- Hands-on software troubleshooting experiences

I've attached a copy of my resume that details my projects and experience with software development. I can be reached anytime via my cell phone, 516-939-7144 or via email at NHLopez.Developer@gmail.com

Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Sincerely,

Noah Lopez
